

"I AM ACTING AS A KARTING ACTIVITY CONTROLLER (KAC) - WHAT DO I HAVE TO DO?"

THANK YOU for volunteering to be a Karting Activity Controller (KAC)!

Your role as KAC means that this Social Karting Activity is fully insured under Karting Australia policies.

- 1** Login to **KOMP** by using the Karting Australia App or going to portal.karting.net.au
 
- 2** Select **Applications**
- 3** Select **Social Karting Activity**
- 4** Select **Club** where you will be acting as KAC
- 5** **Complete** details required
- 6** **Submit**
- 7** Before you start your session, or any karts enter the circuit, as a KAC, you must complete the **Track Safety Check**. Click [HERE](#) to begin.

ALL DRIVERS are required to complete registration via the Events tab on KOMP (portal.karting.net.au) or via the Karting Australia App.

Wear your KAC Vest! Collect from the Club or you can purchase your own by clicking [here](#).

DID YOU KNOW?

KACs can be added at any time while YOU are acting as a KAC.

New KAC's simply need follow the same process that you did. The only difference is that they won't need to do a Track Safety Check **if karts are already on the circuit**.

Any questions, please contact your State Administrator on 1300 20 5278.

The latest electronic copy of the Karting Australia manual is available at karting.net.au
